

The Heiskell School

2009 Summer Reading List

Students entering fourth and fifth grades are required to read at least five books during the summer. For their summer reading, students are to choose books that they have not read from the **appropriate lists** on this page. One of these books may be used as a family read aloud book and counted as one book for summer reading. Many of these books may be found at your local library.

On **Orientation Day** each student is to hand in a report for each book read, using the attached format. Students may either make copies of this form or may write their reports on notebook paper using the same format.

Fourth Grade
